

Modeling Opportunity

Thousand Oaks, California – Maternity Shoot

Thank you for your interest in this modeling opportunity. This TFP shoot is open to all Ladies who are 18 or older and are at least 6 months pregnant and are looking to experience the fun and excitement of a photo session to capture the joy of bringing a life into this world.

Who says pregnancy can't be fun and sexy. My goal is to show pregnant women having a good time in front of the camera as well as some traditional looks. This shoot is my time to try new ideas and you get to benefit as well because you will get (10) digital photo files, to keep for your photo memories.

There is no charge to you of any kind. All I ask is that you have your Hair, Make-up and Nails done very nice prior to arriving to the shoot. I will also ask that you complete a model release allowing me to use the images that we create on my website and in my portfolio.

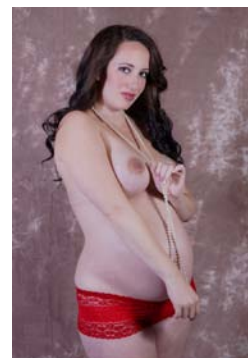

One Very Important requirement, is that I am only looking to work with Ladies who are reliable, will show up "ON TIME" and are ready to work hard and spend some quality time in front of the camera creating some really good photos. No previous modeling experience is needed, but dedication and attitude are key to a successful shoot. If this is who you are, then I look forward to working with you.

I will shoot full body, and head shots so you will have a lot of choices for your photo album. I will also re-touch all prints to remove blemishes, scars and enhance make-up.

You will receive (10) digital photos that you will choose from a "photo preview" page in about two weeks after the shoot.

I'm assuming that you have been to my "maternity" page on my website and seen the types of modeling that I will be asking you to do. Some of the poses will be in lingerie that you will provide as well as a nice shirt or long sleeve blouse, a nice dress, your jeans and any other outfit that you want to be photographed in. The poses will be suggestive and the outfits revealing. There will be some tasteful nudity and topless poses.

I look forward to meeting you and working together to create some great photos for both of our portfolios. If this sounds like something that you would like to do, then click on the link located on the “Current Information” page for the “Model Information” form. Complete this form and return or just email me the answers to the questions. You will need to e-mail me (4) “current” photos showing you in a 2-piece bikini or bra and panties and a good headshot. I need both front, back and side photos. I will get back to you and let you know if you meet the requirements for this shoot and provide additional information.
