

# Modeling Opportunity

Thousand Oaks, California – Trade for Prints Model Session

Thank you for your interest in this modeling opportunity. This TFP shoot is open to beginning models needing a starter package, models looking to update their portfolios and ladies just looking to experience the fun and excitement of a model shoot.

One Very Important requirement, is that I am only looking to work with ladies who are reliable, will show up “ON TIME” and are ready to work hard and spend some quality time in front of the camera creating some really good photos. No previous modeling experience is needed, but dedication and attitude are key to a successful shoot. If this is who you are, then I look forward to working with you.

A TFP shoot is a collaboration between the model and the photographer where each one works to get the photos they need for their portfolios. These shoots are 3 hours long. For the first ½ of the shoot, the model poses in the 4-6 outfits that she brings and provides ideas on how she would like the poses. TFP shoots are a time to try new ideas, new looks, push your limits and have some fun.

I will shoot full body, and head shots so you will have a lot of choices for your portfolio. I will also re-touch all prints to remove blemishes, scars and enhance make-up. There is no charge to the model for the photos. You will receive (10) Digital photos from your shoot for your portfolio.

You will be asked to sign a Model Release which allows the photographer to use the photos in his portfolio. You may use the (10) Digital photos in any way you like. There is no other compensation, but (3) of the (6) models who attended our Paid April 2-day shoot, I met at one of our TFP shoots and were paid \$25.00 an hour to model. I always go to the models I know first for my shoots.

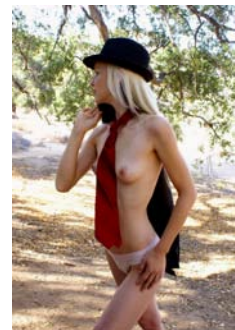

All I ask in return is that the model pose for the photos I need for my portfolio. Since I am a Glamour & Boudoir photographer, many of these poses will be in lingerie that you will bring. My goal is to create new looks to add to my Boudoir portfolio. The poses will be suggestive and the outfits revealing. There will be some tasteful topless and some beginner level nudity poses. If you are reading this, then you have been to my website and seen my work. This is the type of modeling that you will be doing for my portfolio.

For this shoot, Models must be 18 – 40, they will be responsible for doing their own make-up, hair and nails which must be done prior to arriving for the shoot.

I look forward to meeting you and working together to create some great photos for both of our portfolios. If this sounds like something that you would like to do, then click on the link located on the “Current Information” page for the “Model Information” form. Complete this form and return or just email me the answers to the questions. You will need to e-mail me (4) “current” photos showing you in a 2-piece bikini or bra and panties and a good headshot. I need both front, back and side photos. I will get back to you and let you know if you meet the requirements for this shoot and provide additional information.

Please email me with any questions you may have. [steve@fantasyphotography.net](mailto:steve@fantasyphotography.net)

Here are some Sample Photos to show the kinds of poses that you will be doing at our Photo Shoot

Let The Fun Begin!
